Overview

How do you manage a company? How do you lead a team? How do you encourage innovation? Moreover, how do you control processes in a company? Management skills are the key to the success of modern companies. BSP is a university for management and law - the Business Administration Master is our flagship in management. With this degree, you will receive cross-industry and cross-departmental training, as well as state-of-the-art management expertise.

Practice, Practice, Practice

The Business Administration Master is a practice-oriented program, meaning you will already get to know companies first-hand. In a separate module, you will visit different companies and compare their business models. This is how theory and practice complement each other in the Business Administration Master.

Digital and IA across all Modules

Digitalisation and the use of AI are cross-cutting themes in all modules.

Optional Stay Abroad

The 3rd semester is the time for an optional stay abroad. You can choose from our more than 50 partner universities worldwide, or attend a non-partner university of your choice.

Double Degree Possible

You have the opportunity to obtain a double degree in cooperation with one of our renowned partner universities, namely Solbridge International School of Business in South Korea or City University of Seattle.

Your own start-up?!

The Entrepreneurship & Innovation module provides the knowledge you need to become self-employed. From brainstorming and financing to legal frameworks, product management and customer management, you'll gain an understanding of all the key decision-making areas. And if you wish, you can put what you've learnt into practice straight away as part of the project-based study programme.

Future Skills Lab for Management & Tech

Negotiation, presentation, conflict resolution, networking – everyday working life requires a range of soft skills. This training course teaches these skills through exercises and case studies.

Business Game: Real Decisions in a Virtual Company

Within the framework of a business game, you will manage your own company. This way, you learn about the complex correlations within a company.

Business simulation: Real-world decisions in a virtual company

As part of the Strategy & Vision module, you will manage your own company. This will enable you to gain an understanding of the complex interrelationships within a business.

Ethics: Corporate Values are Not Just on the Balance Sheet

Which values should a manager follow? How do you make a decision when these values are in conflict with economic goals? Management needs a foundation of values. We provide you with orientation for your ethical compass.

Content

- 100% state-of-the-art managerial knowledge
- All the skills you need for a successful career in management
- Practice-oriented and digital throughout all modules
- Thinking outside the box as part of the program: ethics, psychology and general studies

Target Group

High achievers who wish to add a master's degree to their bachelor's degree to kick-start their career in management.

Visionaries who wish to advance companies outside of the usual routines, as well as implement their own ideas.

Out-of-the-box thinkers who are looking for a holistic approach to management.

About us

BSP Business & Law School is a private, state-recognized university with a campus in Berlin-Steglitz and a campus in Hamburg's Hafencity. At BSP, students prepare for a career in business and law, in the sports sector or in the creative industry in numerous Bachelor's and Master's degree courses at universities of applied sciences, as well as at the university law state examination course. All BSP degree courses are state-recognized and professionally accredited or are currently undergoing the accreditation process.

At the university faculty as well as at the three university of applied sciences faculties, the study programs are truly interdisciplinary and offer strong synergies. There is regular exchange between the individual faculties. Students and lecturers from all disciplines work together on joint projects at BSP.

While the Faculty of Business & Management (FH) comprises the areas of business administration, management, communication and business psychology, the Faculty of Creative Business (FH) combines business know-how with the innovative processes of creative industries. The Applied Sport Sciences & Personality faculty combines management, training science, sports psychology, law, and communication in a unique curriculum with a focus on recreational and competitive sport. At the Faculty of Law, the law degree program offers the possibility of two degrees: first law state examination (Staatsexamen) and the Bachelor of Laws (LL.B.) after six semesters.

The IRO Group - A Strong Educational Network

The IRO Group is a successful network of research institutes, research and teaching clinics and further education institutes run by educational entrepreneur Ilona Renken-Olthoff. The IRO Group comprises five private, state-recognized colleges and universities: MSH Medical School Hamburg - University of Applied Sciences and Medical University, MSB Medical School Berlin - Hochschule für Gesundheit und Medizin, HMU Health and Medical University Erfurt, HMU Health and Medical University based in Potsdam with campuses in Düsseldorf / Krefeld and Munich, and BSP Business and Law School in Berlin and Hamburg as a management college with a university law faculty.

The IRO Group represents many years of expertise in teaching, research and development. It consistently focuses on an interprofessional and interdisciplinary concept for training health professionals, as well as specialists and managers working in commerce.

The educational institutions within the IRO Group are aimed at sustainably strengthening academic education, particularly in the healthcare sector: through first-class study programs, excellent teaching and research services, in addition to strong partnerships.
